28		Extended Warranty Annual Fee, Cradlepoint	0	\$ 145		\$ -	\$ -

Total Capital Costs \$ -  
Total Annual Cost \$ 85,681

**Notes:**

- [a] If agency options to expand Infotainment to additional vehicles, annual fees will begin upon completion of that project
- [b] Reduced quantity to 1 as LCD Kiosk has been vandalized, is not operational, and will not be replaced.
- [c] Pricing is for one year. Services will be invoiced with your annual renewal, and pro-rated if beginning prior to annual renewal.  
Hardware budget not included as GMV Hub and AVAS systems are currently under warranty.
- [d] Quantities will be invoiced based on actual in-service dates of warranted systems. Hub includes 2 year standard warranty, all other components carry 1 year standard warranty. If Commerce would like to include this, we'd suggest accounting for full fleet quantities here as a "not to exceed" annual figure.  
- Annual service fees increased not more than 21.9% in accordance with inflation 2020-2025.
