# FOCUS ON CUSTOMER SATISFACTION

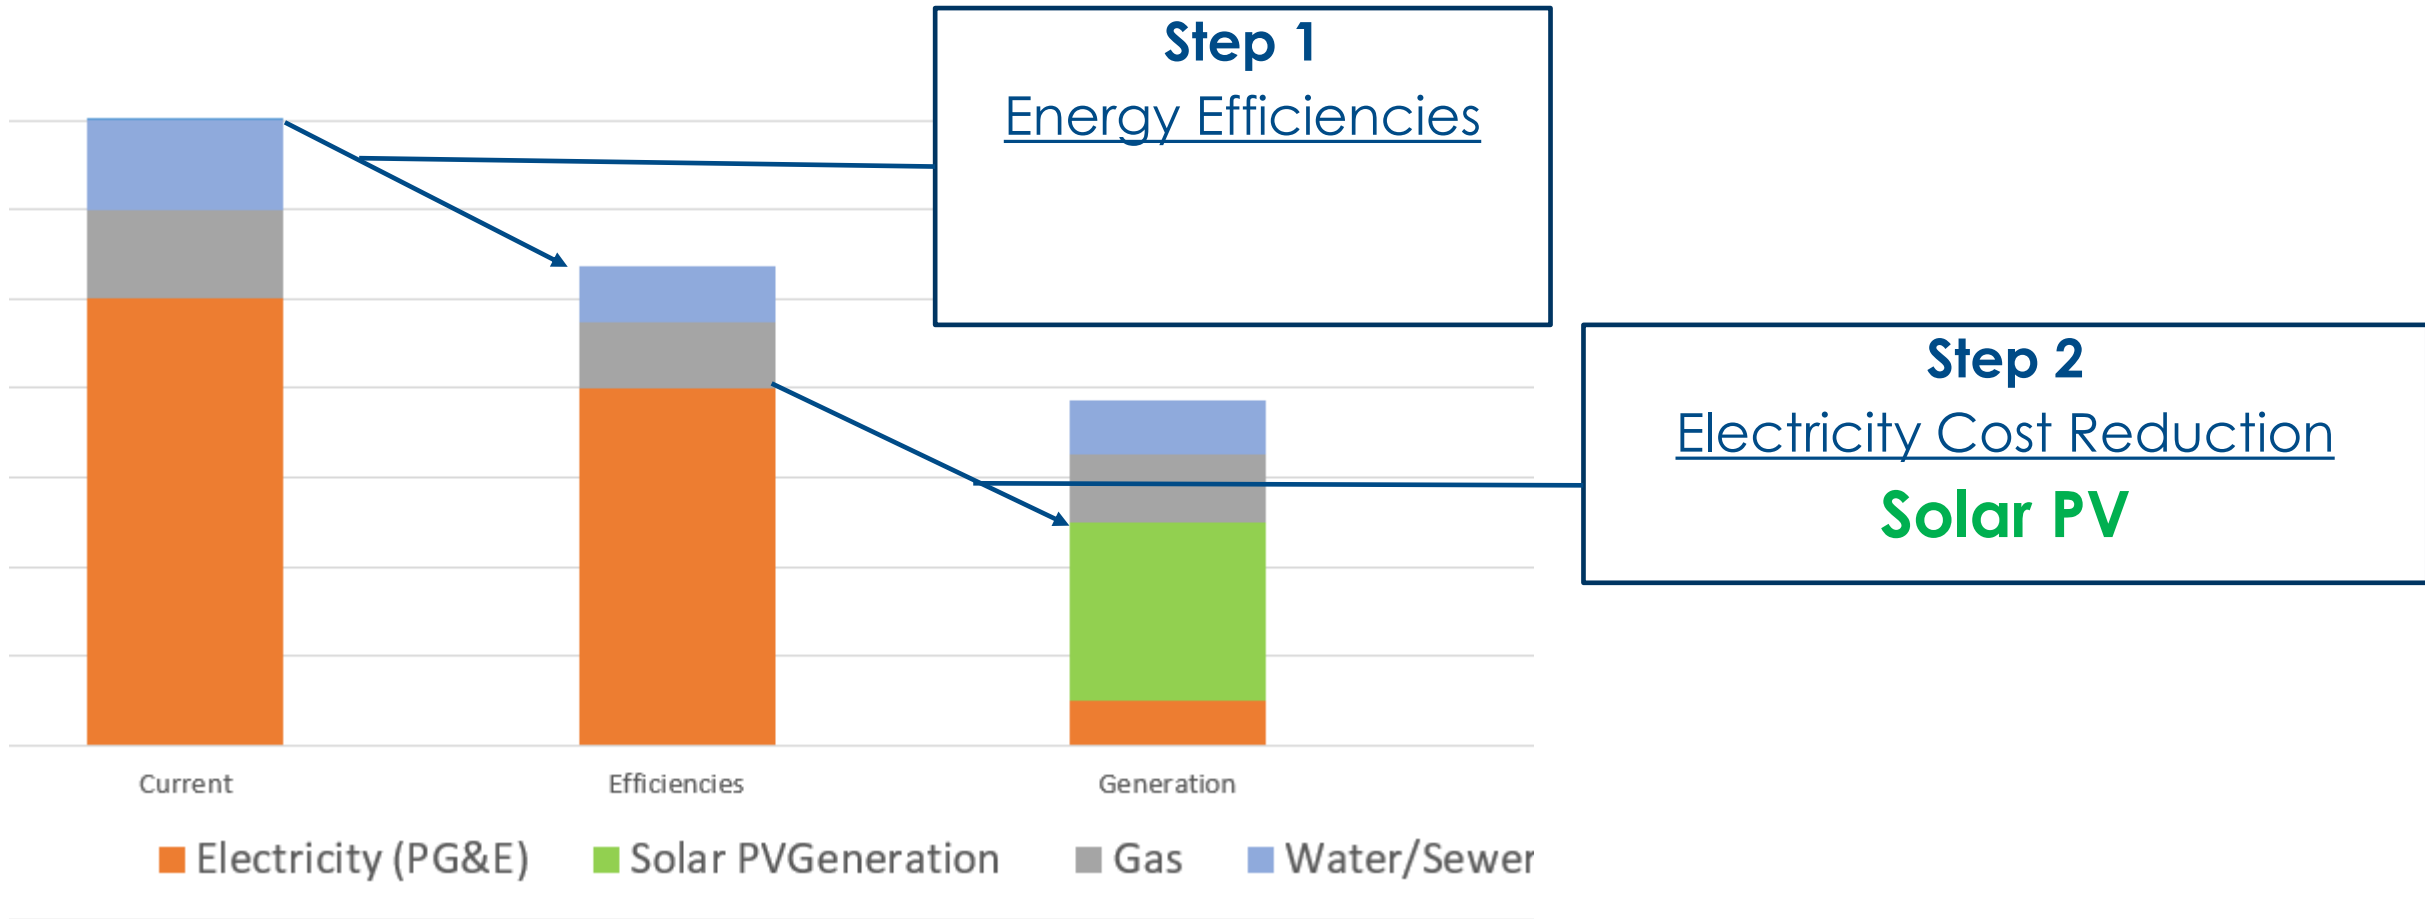

If another government agency asked for a referral, I would say you can't go wrong with Syserco. They definitely own their work and take it as a serious project, no matter the scope or size. Syserco is there for you; I never felt like we were left hanging. It was a pleasure working with the whole team. There was not a single soft spot; everyone was hard-working.

Jim Harbin  
Town of Los Gatos

# FUNDING TO HELP CITIES

SAVE ENERGY & SAVE MONEY

# CALIFORNIA INCENTIVE FOR ACCELERATING ENERGY EFFICIENCY & RENEWABLE ENERGY

## CA GC 4217.16

Allows a public agency to select a **pre-qualified Energy Services contractor** to **design and deliver** energy efficiency projects so long as the anticipated cost for the energy project or efficiency services are less than the anticipated energy cost savings (“Self-Funding”)

**SYSERCO IS PRE-QUALIFIED BY THE CALIFORNIA DEPT. OF GENERAL SERVICES**

# SUMMARY = GET STARTED

“The secret of getting ahead is getting started.” – Mark Twain
