Registering for CalSMART	22

Editor's Note: The screenshots contained within this User's Guide may reference previous fiscal year(s) submittals.

Introduction

The online California State Multi-Modal Accountability Reporting Tool (CalSMART) is the portal for submitting both Project Lists and Project Status and Expenditure Reports. Having both stored in one central location reduces paperwork and errors, saves time, and can generate reports on an operator, regional, or program level. If you are not yet registered with CalSMART, see Registering for CalSMART section located on page 22.

Dashboard

Once logged in, you will see the CalSMART Dashboard. Be sure to choose the State of Good Repair Program from the Current Program dropdown menu.

Create Project List

Choose the 'Project List Submittal' option from the Dashboard to create, view, or edit a project list.

Then choose 'Create Project List Submittal' when you are creating a project list for the current submission cycle. After the Project List has been created, you will choose 'Manage Project List Submittals' to View, Edit or Review the submittal.

Please Note Project Lists can be submitted as follows:

- Operators enter the project information directly into CalSMART and submit to their Regional Entities for review and submission to Caltrans.
 - **The operator will be the entity responsible for entering and completing the Project Status and Expenditure Report.**
- If both parties agree, Regional Entities can create project lists for Transit Operators under their purview.
 - **Regional Entities must create each Transit Operator's project lists before they create their own project list.**
 - **The operator will be the entity responsible for entering and completing the Project Status and Expenditure Report.**
- The Region can collect all or some of their operator proposed projects and enter the information along with their own projects they plan to implement.
 - The operators must be identified in the project's title.
 - **The Region will be the entity responsible for entering and completing the Project Status and Expenditure Report.**

Cover Sheet

This next screen asks for basic agency information. Please fill in each of the fields. Those fields marked with an “*” are required fields and the system will not let you advance if these fields are left blank.

Support Documentation

Funding for Fiscal Year: FY 25/26

Support Documentation*

Please briefly describe the support documentation being provided

25/26 Proj List Test

Select Files to Upload* ②

Operators: Attach any required documentation your region may request such as Board Resolution or Short Range Transit Plan that lists the project(s). Regions: Attach a signed and dated board resolution

Choose Files

No file chosen

Additional Information

Save and Continue

*Select Files to Upload – The system **requires** a document to be attached to continue.

Operator users - Attach a Board Resolution or any document(s) your Region may require. You may also attach a statement indicating your region does not require a Board Resolution or any similar documentation.

Region users – Attach the Board Resolution approving the list of projects you are approving in your region.

If you do not yet have the approved resolution, you can still attach a DRAFT board resolution and indicate when you are expecting the board resolution to be officially approved and signed.

Enter Proposed Project Information

The following screens allow you to input your proposed projects. You can add funding to an existing project or add a new project.

Add Funding to an Existing Project or Add New Project

If you are adding funding to an existing CalSMART project, you can select the project from this screen by selecting Add. To add a new project, select 'Skip to Add New Projects' button. **IMPORTANT**, if a project appears on both the FY 24/25 Expenditure Report and the Proposed Project List, **add FY 26/27 funding to the Expenditure report** record as this entry has the more up-to-date information and this may be due to a project not "linking" in the system correctly.

Add Funding to Existing Projects from FY 24/25 Expenditure Report

[Skip to Add New Projects](#)

Click "Add" to include a project on FY 26/27 Project List. This will allow you to add funding to the project and edit project dates. This will not allow you to edit other project details.

Select	SGR Project ID	RPNo	Project Title	Project Description	Location (City or County)	Project Start Date	Estimated Completion Date
Add	2022-6162-005	RP005	Grails test project for Exp report	Adding new project	Humboldt County	01/01/2023	06/30/2027
Add	2023-6162-006	RP006	21/22 New project	testing FY's	Humboldt County	10/29/2021	09/01/2026
Add	2024-6162-007	RP007	Test FY 19/20 Enhancements - DUPLICATE see below	This is the 22/23 Proposed Project List RECORD, so they system created a SEPARATE project - Test project	Humboldt County	05/01/2021	07/01/2026
Add	2025-6162-008	RP008	Test FY 19/20 Enhancements	Test project, update scope. test.	Humboldt County	07/01/2020	01/30/2028

Add Funding to Existing Projects from FY 25/26 Proposed Project List

Click "Add" to include a project on FY 26/27 Project List.

Select	SGR Project ID	PPNo	Project Title	Project Description	Location (City or County)	Estimated Project Start	Estimated Project Completion
Add		PP004	Test FY 19/20 Enhancements	Test project, update scope. test. Due to previously connecting to proj list record this showed up as separate project and the Proj ID disappeared, it was reflected on the Add Funding to Existing Projects under FY 24/25 Project List section.		07/01/2020	01/30/2028

If for any reason, you are unable to return to the Add Funding to Projects page above, you can access these features from the Manage Project List Submittal Page.

Operator Users - Select a Region from the dropdown. There are a few instances in which an Operator may report to or work with more than one Region. If that is the case, select the Regions the project will receive its 99313 funding from.

Region Users - The Region will automatically be selected when you are submitting a project list specifically for the Region. However, when submitting a project list for one of your Operators, you will need to select the Region.

The rest of the project fields are treated the same for both Operator and Region users.

Be sure to input the 26/27 Funding Estimates in the Original Estimate Allocation fields.

SGR Funding

FY	Original Est Allocation		Actual Allocation		Expenditures as of Sept 30th			Balance

To add funding to additional projects, select 'Save and Continue'

To complete your project list, select 'Save and Exit'

Submit Project List

After completing your project list, it will need to be submitted for review:

- Operator project lists will be forwarded to their Region for review.
- Region submittals will be forwarded directly to Caltrans for review.

After clicking 'Save and Exit', the system will take you to the Manage Project List Submittal screen automatically. If you are not ready to submit at this time, you can always select 'Manage Project List Submittals' to return to this screen later.

From the Manage Project List Submittal screen select 'Submit for Review'.

The screenshot shows the CalSMART TEST interface. At the top, there's a header with the Caltrans logo, 'CaSMART TEST', and navigation links: Dashboard, Submittals, Reporting, Users. A message bar at the top states 'Project Operator Test Project has been saved.' On the left, a sidebar lists several projects with status icons (green checkmarks and yellow triangles). The main content area displays the details for the 'Operator Test Project'. It includes fields for Program (State of Good Repair Program), Agency (San Joaquin Joint Powers Authority), Date Created (07/23/2019), Date Submitted, Date Approved, Address (100 Test St), City (Stockton), State (CA), Zip Code (90005), Contact (Operator Test Submittal), Title (Operator Tester), Phone ((555) 888-4444), and Email (jayme.desormier@dot.ca.gov). Below these fields are buttons for 'View Files', 'Create PDF', 'Submit for Review' (highlighted with a red box), and 'History'. At the bottom, there's a 'PROJECTS' section with a table listing projects. The table has columns for ID, Title, Description, Location, Useful Life (Min, Max), Est. Project Cost, and View/Edit. The first row shows 'PP001 Operator Test Project' with a description 'Operator test project.', location 'San Joaquin, San Joaquin', and an estimated project cost of 20,000. Below the table are buttons for 'Copy Project from Previous FY' and 'Add New Project'.

ID	Title	Description	Location	Min	Max	Est. Project Cost	View/Edit
PP001	Operator Test Project	Operator test project.	San Joaquin, San Joaquin	12	12	20,000	

Operators, your role is complete unless your Region or Caltrans notifies you that a revision or correction is needed for your submittal. You may still want to review the Report section of the guide for information on available reports.

Region Review of Operator Submittal

The Region will receive an email notification from CalSMART that a project list is ready for review.

To review the submittal, the Region shall login to CalSMART and select 'Project List Submittal'.

Select 'Manage Project List Submittals'. The number in the right-hand corner indicates how many submittals are waiting for review.

The submittal will appear in your Submittal Inbox. Select 'Hide Approved' if you only want to see the submittals that you have not yet marked as eligible.

The blue clock icon indicates a submittal is waiting for your review.

Select 'Create PDF' on the Manage Submittal Screen for the most efficient way to review a submittal.

A simplified two-page report of the Cover Sheet and Project Details will be displayed as a pdf file.

Send Back for Corrections or Edit Project List Submittal

If the submittal needs to be corrected or revised, the Region can Edit the submittal or Send Back to the Operator for revisions.

Please note, this only applies to projects that are receiving a sub-allocation of 99313 funding. For projects that are solely funded with 99314 funds, the Region does not have authority to edit or return to the Operators for revision(s).

To send back to the Operator for revisions, select the 'Send Back' button on the Manage Fiscal Year Proposed Project List Submittals page.

The screenshot shows the CalSMART interface for managing fiscal year proposed project list submittals. The top navigation bar includes the CalSMART logo, a 'TEST' label, and links for Dashboard, Submittals, Reporting, and Users. The user is logged in as cesarmayorga707@gmail.com. The main heading is 'Manage Fiscal Year Proposed Project List Submittals'. On the left, a sidebar titled 'SUBMITTALS' lists several submittals, with 'SGR-C15-FY19/20-6296-001' selected. The main content area shows details for this submittal, including Program (State of Good Repair Program), Agency (San Joaquin Joint Powers Authority), Date Created (07/23/2019), Date Submitted (07/23/2019), and Date Approved. It also includes fields for Address (100 Test St), City (Stockton), State (CA), Zip Code (90005), Contact (Operator Test Submittal), Title (Operator Tester), Phone ((555) 888-4444), and Email (jayne.desormier@dot.ca.gov). At the bottom of the details section, there are buttons for 'View Files', 'Create PDF', 'Send Back' (highlighted with a red box), 'Mark as Eligible', and 'History'. Below this is a 'PROJECTS' section with a table showing project details. The table has columns for ID, Title, Description, Location, Useful Life (Min, Max), Est. Project Cost, and View/Edit. The first row shows 'PP001 Operator Test Project' with a description of 'Operator test project.' and a location of 'San Joaquin, San Joaquin'. The table also includes a 'Copy Project from Previous FY' button and an 'Add New Project' button.

When returning the submittal back for revisions, please provide the Operator an explanation why the proposed list is being returned and what issues need to be addressed before the proposed list can be approved.

The screenshot shows a modal dialog box overlaid on the CalSMART interface. The dialog box has a title bar that says 'Are you sure you want to send these projects back to the agency?'. Below the title bar is a section labeled 'Reason' with a text input field containing the placeholder text 'Please explain here why the submittal is being sent back.' At the bottom of the dialog box are two buttons: 'Send Back' and 'Cancel'.

If you find you need to Edit a project, select the View/Edit eyeball icon.
