Honors

Tina Fierro

on your courageous and heroic rescue of a man about to jump off the Golden Gate Bridge. While chaperoning the Adventure Club during their trip to San Francisco, your quick thinking in helping a fellow bystander rescue a potential jumper shows the kind of character and selflessness that is to be commended and celebrated. We are proud of the way you handled yourself in the face of a crisis and of your willingness to help out in the face of danger. Thank you for your courageous action.
