increased level of service	e and pr	oject goals (include for o	operations proje	cts number of trip	os, span, fr	equency	
improvements and number of days of operation; for capital projects include product specifications).							

This Allocation Request is for the continuation of a previously-funded LCTOP project. The City of Commerce would continue to operate additional hours of service on the Blue Route, which serves the Citadel Outlets and Commerce Casino on Telegraph Road, the largest employers (5,400 total employees) in the City of Commerce. The expanded service operates trips leaving the Citadel Outlet at 7:11 and 8:11 p.m.

FY 2016-2017 LCTOPAllocation Request

Project Information (continued)

Area - Describe the project area including the city, town, community (rural, suburban, urban & demographics) The Commerce Bus Lines' Blue Route operates entirely within the City of Commerce. A brief demographic overview of the City of Commerce shows a population of 12,823, is primarily Hispanic (95.4%), 16% of individuals live below the poverty level, and the City's household income of \$45, 341 is 27% below the State average. Service - Describe the service you provide and how the project plays into your overall operations plan. The expanded service on the Blue Route provides two additional trips in the evening leaving the Citadel Outlets and Commerce Casino at 7:11 and 8:11 p.m. These additional trips provide return home trips for workers, shoppers, and visitors. Service - Describe the fare structure for your system and how the project will affect that structure if at all. Commerce Bus Lines is a free fare system. Costs - Describe the assumptions and process for how the projects costs were developed. Operating costs were derived from the FY 2016 National Transit Database (NTD) audited data and the FY 2016 TPM Report Form submitted to Metro. **Environmental Justice** - Explain how your agency designed the project to avoid substantial burden on *any* low income disadvantaged community. Commerce Bus Lines' entire service area are disadvantaged communities as defined by the CalEPA.

Planning - Explain the planning process this project went through, including any public outreach/input, or workshops.

This is a continuing LCTOP program. The Blue Route service expansion was previously reviewed by the Commerce City Council.

Total FY 16-17 LCTOP Funding

\$14,359

Supplanting Funds - Describe how the LCTOP funds will not supplant other funding sources.

The project would not be opeated without LCTOP funding.

Project Benefits

Greenhouse Gas Reductions - Describe qualitatively how this project will reduce greenhouse gas emissions. For example, expanded/enhanced transit service will improve headways thus making transit a more convenient option of transportation thus increasing ridership, reducing Vehicle Miles Traveled (VMT) and reducing GHG.

The continuation of the Blue Route service expansion will allow workers, shoppers, and visitors at the Citadel Outlets and Commerce Casino an option to travel from those large employment generators (5,400 employees) to their residences. Previously the Blue Route service was not attractive to some commuters because service ended early in the evening and prevent some commuters from making a round trip by transit.

Greenhouse Gas Reductions - Please provide quantitative information requested below and explanation/support for the data provided.

	Value	Explanation
Year 1 (Yr1) - First year of service, or year that capital improvements will be completed.	2017	The service is planned for one year for the purpose of the LCTOP application. The service will operate from July 1, 2017 through June 30, 2018.
Year F (YrF) - Final year that the service is funded or the final year of the capital improvements useful life.	2018	The service is planned for one year for the purpose of the LCTOP application. The service will operate from July 1, 2017 through June 30, 2018.
Project Yr1 Ridership - <i>Estimated</i> annual ridership contributed by the new service or capital improvement in Yr1.	15,269	Ridership numbers are based on 29 passenger-per-hour, which is the current PPH for the Blue Route.
Project F Yr. Ridership - <i>Estimated</i> <i>annual ridership contributed by the</i> <i>new service or capital improvement in</i> <i>YrF.</i>	15,269	
Adjustment (A) - Adjustment factor to account for transit dependency. Default: 0.5 for local bus service and 0.83 for long distance commute service.	0.50	
Trip Length (L) - <i>Length (miles) of</i> <i>average auto trip reduced or average</i> <i>passenger trip length (miles).</i>	3.82	
Total Project VMTs Reduced	29,164	This number is calculated based on the values above.
Estimated Total Project GHG (mtco2) Reduction:	0.96	This number is calculated based on the values from above and the QM-Tool tab.
LCTOP Emission Reductions /Total LCTOP Funds Requested	0.96	This number is calculated based on the values from above and the QM-Tool tab.

X

Project Benefits (continued)

Allocation

	Regional Entity:	LACMTA
Lead Agency: City of Commerce		County: Los Angeles
Project Title: Blue Route Service Expansion	n	

Lead Agency: I certify the scope, cost, schedule, and benefits as identified in the attached Allocation Request (Request) and attachments are true and accurate and demonstrate a fully funded operable project. I understand the Request is subject to any additional restrictions, limitations or conditions that may be enacted by the State Legislature, including the State's budgetary process and/or auction receipts. In the event the project cannot be completed as originally scoped, scheduled and estimated, or the project is terminated prior to completion, Lead Agency shall, at its own expense, ensure that the project is in a safe and operable condition for the public. I understand this project will be monitored by the California Department of Transportation - Division of Rail and Mass Transportation.

Lead Agency:	City of Commerce
Project Name:	Blue Route Service Expansion
Prepared by:	Claude McFerguson

The California Department of Transportation (Caltrans) has adopted the following Certifications and Assurances for the Low Carbon Transit Operations Program (LCTOP). As a condition of the receipt of LCTOP funds, project lead must comply with these terms and conditions.

A. General

- 1. The project lead agrees to abide by the current LCTOP Guidelines and applicable legal requirements.
- 2. The project lead must submit to Caltrans a signed Authorized Agent form designating the representative who can submit documents on behalf of the project sponsor and a copy of the board resolution appointing the Authorized Agent.

B. Project Administration

- 1. The project lead certifies that required environmental documentation is complete before requesting an allocation of LCTOP funds. The project lead assures that projects approved for LCTOP funding comply with Public Resources Code § 21100 and § 21150.
- 2. The project lead certifies that a dedicated bank account for LCTOP funds only will be established within 30 days of receipt of LCTOP funds.
- 3. The project lead certifies that when LCTOP funds are used for a transit capital project, that the project will be completed and remain in operation for its useful life.
- 4. The project lead certifies that it has the legal, financial, and technical capacity to carry out the project, including the safety and security aspects of that project.
- 5. The project lead certifies that they will notify Caltrans of pending litigation, dispute, or negative audit findings related to the project, before receiving an allocation of funds.
- 6. The project lead must maintain satisfactory continuing control over the use of project equipment and facilities and will adequately maintain project equipment and facilities for the useful life of the
- 7. Any interest the project lead earns on LCTOP funds must be used only on approved LCTOP
- 8. The project lead must notify Caltrans of any changes to the approved project with a Corrective Action Plan (CAP).
- 9. Under extraordinary circumstances, a project lead may terminate a project prior to completion. In the event the project lead terminates a project prior to completion, the project lead must (1) contact Caltrans in writing and follow-up with a phone call verifying receipt of such notice; (2) pursuant to verification, submit a final report indicating the reason for the termination and demonstrating the expended funds were used on the intended purpose; (3) submit a request to reassign the funds to a new project within 180 days of termination.
- 10. Funds must be encumbered and liquidated within the time allowed

Example 1 FY 2016-2017 LCTOPCertifications Assurances

C. Reporting

- 1. The project lead must submit the following LCTOP reports:
 - a. Semi-Annual Progress Reports by May 15th and November 15th each year.
 - b. A Final Report within six months of project completion.
 - c. The annual audit required under the Transportation Development Act (TDA), to verify receipt and appropriate expenditure of LCTOP funds. A copy of the audit report must be submitted to Caltrans within six months of the close of the year (December 31) each year in which LCTOP funds have been received or expended.
- 2. Other Reporting Requirements: ARB is developing funding guidelines that will include reporting requirements for all State agencies that receive appropriations from the Greenhouse Gas Reduction Fund. Caltrans and project sponsors will need to submit reporting information in accordance with ARB's funding guidelines, including reporting on greenhouse gas reductions and benefits to disadvantaged communities.

D. Cost Principles

- The project lead agrees to comply with Title 2 of the Code of Federal Regulations 225 (2 CFR 225), Cost Principles for State and Local Government, and 2 CFR, Part 200, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments.
- 2. The project lead agrees, and will assure that its contractors and subcontractors will be obligated to agree, that:
 - a. Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31, et seq., shall be used to determine the allow ability of individual project cost items and
 - b. Those parties shall comply with Federal administrative procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments. Every sub-recipient receiving LCTOP funds as a contractor or sub-contractor shall comply with Federal administrative procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments.
- 3. Any project cost for which the project lead has received funds that are determined by subsequent audit to be unallowable under 2 CFR 225, 48 CFR, Chapter 1, Part 31 or 2 CFR, Part 200, are subject to repayment by the project lead to the State of California (State). All projects must reduce greenhouse gas emissions, as required under Public Resources Code section 75230, and any project that fails to reduce greenhouse gases shall also have its project costs submit to repayment by the project lead to the State. Should the project lead fail to reimburse moneys due to the State within thirty (30) days of demand, or within such other period as may be agreed in writing between the Parties hereto, the State is authorized to intercept and withhold future payments due the project lead from the State or any third-party source, including but not limited to, the State Treasurer and the State Controller.

Ef Clitans FY 2016-2017 LCTOPCertifications Assurances

A. Record Retention

- The project lead agrees, and will assure that its contractors and subcontractors shall establish and 1. maintain an accounting system and records that properly accumulate and segregate incurred project costs and matching funds by line item for the project. The accounting system of the project lead, its contractors and all subcontractors shall conform to Generally Accepted Accounting Principles (GAAP), and enable the determination of incurred costs at interim points of completion. All accounting records and other supporting papers of the project lead, its contractors and subcontractors connected with LCTOP funding shall be maintained for a minimum of three (3) years after the "Project Closeout" report or final Phase 2 report is submitted (per ARB Funding Guidelines, Vol. 3, page 3.A-16), and shall be held open to inspection, copying, and audit by representatives of the State and the California State Auditor. Copies thereof will be furnished by the project lead, its contractors, and subcontractors upon receipt of any request made by the State or its agents. In conducting an audit of the costs claimed, the State will rely to the maximum extent possible on any prior audit of the project lead pursuant to the provisions of federal and State law. In the absence of such an audit, any acceptable audit work performed by the project lead's external and internal auditors may be relied upon and used by the State when planning and conducting additional
- 2. For the purpose of determining compliance with Title 21, California Code of Regulations, Section 2500 et seq., when applicable, and other matters connected with the performance of the project lead's contracts with third parties pursuant to Government Code § 8546.7, the project sponsor, its contractors and subcontractors and the State shall each maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of such contracts, including, but not limited to, the costs of administering those various contracts. All of the above referenced parties shall make such materials available at their respective offices at all reasonable times during the entire project period and for three (3) years from the date of final payment. The State, the California State Auditor, or any duly authorized representative of the State, shall each have access to any books, records, and documents that are pertinent to a project for audits, examinations, excerpts, and transactions, and the project lead shall furnish copies thereof if
- 3. The project lead, its contractors and subcontractors will permit access to all records of employment, employment advertisements, employment application forms, and other pertinent data and records by the State Fair Employment Practices and Housing Commission, or any other agency of the State of California designated by the State, for the purpose of any investigation to ascertain compliance with this document.

F. Special Situations

Caltrans may perform an audit and/or request detailed project information of the project sponsor's LCTOP funded projects at Caltrans' discretion at any time prior to the completion of the LCTOP.

I certify all of these conditions will be met.

FY 2016-2017 LCTOPFunding Plan

The following Funding Plan has been reviewed and approved by the undersigned. It includes a complete list of funds for this project and is the total cost of the project, including LCTOP funds. The Lead Agency certifies that the requested LCTOP funds for the proposed project will not be used to supplant other funding sources.
