

LOS ANGELES COUNTY

# GMU BULLETIN

COMMUNITY DEVELOPMENT COMMISSION • 700 W. Main Street • Alhambra • California 91801

NUMBER: **15-0009** SUBJECT: **NEW ASBESTOS/LEAD-BASED PAINT CONSULTING CONTRACTS FOR PARTICIPATING CITIES**

DATE: **MAY 19, 2015** EFFECTIVE DATE: **IMMEDIATELY** PAGE **1** OF **1**

## TO: PARTICIPATING CITIES

On March 1, 2015, the Community Development Commission executed new five-year contracts with five (5) firms to provide asbestos and lead-based paint consulting services. Participating cities are encouraged to use these contracts to reduce the administrative workload required to conduct their own procurement processes. The initial contracts are valid until April 30, 2016, and may be renewed each year for an additional four (4) years, until April 30, 2020. Cities will be informed of their continued availability at the time of each renewal.

The attached document provides a sample estimate form to be used to solicit quotes, a list of consultants, and consultant fee schedules based on the type of assignment. Consultants are required to honor the rates quoted in their respective fee schedules. If a city requires work that is not listed, they will need to negotiate a rate with the consultant.

If you have any questions about this report, please contact Raymond White, Analyst, of my staff, at (626) 586-1756 or [Raymond.White@lacdc.org](mailto:Raymond.White@lacdc.org).

Sincerely,

SCOTT STEVENSON, Director  
Community Development Division
