

# CITY OF COMMERCE AGENDA REPORT

TO: Honorable City Council

Item No.

**FROM:** City Administrator

**SUBJECT:** Mid-Year Budget Review – A Resolution Amending the Annual Operating and Capital Budgets for Fiscal Year 2018-2019, and Amending Resolution No. 18-78

**MEETING DATE:** February 19, 2019

### **RECOMMENDATION:**

Approve and adopt the proposed Resolution amending the annual operating and capital budgets for fiscal year 2018-2019, and amending Resolution No.18-78, and assign the number next in order.

### PURPOSE:

The purpose of this report is to provide the City Council with a review of the City's financial status as of January 31, 2019, and to request Council approval of mid-year adjustments to the Fiscal Year (FY) 2018-19 approved Budget using reserve funds.

Moreover, this report is intended to provide the City Council with an accurate as possible picture of how the City's General Fund is operating seven months into the fiscal year based on the original revenue and expenditure estimates. The middle of the fiscal year is also a good time to consider whether expenditures, outside the realm of the original approved budget, have surfaced which would potentially jeopardize the current budget authority and thus, require Council action of appropriate budgetary adjustments.

### BACKGROUND:

Normally, the Finance Department asks each department to review their existing budgetary appropriations to determine whether any changes need to be made as a result of unanticipated costs that may have occurred thus far during the fiscal year thru six months. As a result of that review conducted during the past several weeks, it was determined that although most departments are able to absorb the majority of unanticipated costs through budgetary savings in other areas, there are some expenditures that will cause several departments to be in jeopardy of overspending their budgets by year end.

## **GENERAL CITY'S FINANCIAL STATUS:**

After several years of being the conveyor of bad news, I wanted to inform the City Council and the community that the General City has ended off on a positive note for four consecutive years.

### **DISCUSSION / ANALYSIS:**

Although, the City's General Fund ended FY 2017-18 with a healthy surplus of approximately \$4.199 million, the City Council decided to appropriate only \$750,000 of these surplus funds during the budget process for departmental enhancement requests (inclusive of capital outlay requests). The mindset was to leave unallocated amount towards the following:

- Unforeseen matters that would arise during the current fiscal year
- Mid-Year requests In order to address the deficiencies highlighted below, the City Council will have the discretion of using a portion of said surplus funds in the amount of **\$402,279**
- > Deposit some funds into either the OPEB and/or PERs Stabilization Trust Funds
- Set aside some funds for Economic Development purposes

As it relates to the Measure AA items, it is being recommended that project savings/unallocated Category A funds be appropriated to address the items totaling \$441,193. The Measure AA Advisory Committee approved said amount at their meeting held on February 12, 2019.

In addition, staff is recommending that **\$62,643** of Water funds be allocated towards two projects highlighted below.

FY 2017-18 Surplus Funds (\$402,279) – Staff is recommending that these funds be used for the following items:

#### Administration (\$151,000)

## ALTERNATIVES:

- 1. Approve staff recommendation
- 2. Provide staff with further direction

## FISCAL IMPACT:

If the City Council approves staff's recommendation, the action would amend the FY 2018-19 approved budget by **\$906,115**. In summary:

|          | Recommended Items  | \$906,115                          |
